

# GOT PLANTS FOR **2022** ?

The annual MGFKC plant sale is the primary fundraiser for the WSU Kitsap County Master Gardener Program. The sale's proceeds pay for the supplies, tools and reference materials used at MG demonstration gardens (which grow thousands of pounds of produce for our local food banks each year), the MG children's programs and the MG Virtual and Farmers' Market clinics.

**WE WILL BE SEEKING DONATIONS OF PERENNIALS TO SELL THAT ARE HEALTHY AND WELL-ESTABLISHED PLANTS IN ONE-GALLON POTS THAT WILL BE APPEALING TO PURCHASERS IN EARLY MAY.**

*Our customers generally will not buy flowering plants unless they know the color of their flowers, so please ensure that you have noted the flower color of any plant to be donated.*

**OUR UPDATED WISHLIST FOR 2022 INCLUDES (but is not limited to):**

Black Mondo Grasses	Pink Columbines	Goatsbeards	Bugbanes
Dwarf London Prides	Euphorbias	Lungworts	May Apples
Asiatic Lilies (other than yellow)	Leopard Plants	Beesias	Rodgersias
Himalayan Maidenhair Ferns	Gay Feathers	Veronicas	Saxifrages
Ornamental Onions	European Gingers	Brunneras	Sword Ferns
Astilbes (other than pink ones)	Native Gingers	Disporums	Stonecrops
Campanulas (other than purple)	Hens & Chicks	Yarrows	Tiarellas
Fumeworts (other than yellow)	Scabiosas	Heucheras	Trilliums
Hostas (dwarf, blue, lime & unusual cultivars) (we have plenty of green & variegated)			

**We also are seeking interesting and unusual plants that grow well in our area for our "Plant Collector's" table.**

**WE DO NOT WANT or, FOR 2022, ALREADY HAVE ENOUGH OF:**

Trees, Shrubs, Most Groundcovers, Winter-Dormant Grasses, Yuccas or Houseplants  
Tulips, Daffodils, Hyacinths, Bluebells, Scillas or Other Spring-Flowering Bulbs  
Huckleberries, Raspberries, Marionberries or Blackberries
